* If your System is financed, carefully read any agreement and disclosure forms provided by your lender. Your installer may not be aware of the terms of your financing agreement, which may include fees not listed above. This disclosure does not contain the terms of your financing agreement. If you have any questions about your financing arrangement, contact your finance provider before signing a Contract.

Homeowners have certain rights and protections under the Connecticut Home Improvement Contractor Law. To learn more about the law visit and home improvement contractor licensing visit <https://portal.ct.gov/dcp/Trade-Practices-Division/Home-Improvement-for-Consumers>. *Complete remaining empty fields to assign responsibility.

****The Utility will request the customer-installer contract/agreement with the first project application received from each installer annually.

NOTE: A Renewable Energy Certificate (REC) represents the Environmental Attributes associated with one megawatt-hour of renewable energy as defined by Connecticut law. Capacity rights and RECs generated by the facilities participating in Residential Renewable Energy Solutions are transferred to the utility company in exchange for the incentive payments made to the facility owner under the program. Therefore, while you cannot claim that you are using the renewable power generated by the facility, your purchase of a renewable energy system does support solar development in Connecticut and increase the amount of renewable energy consumed by all electric ratepayers in the State.

NOTE: The Customer of Record authorizes that the applicant and/or Installer may view information on the customer's energy assessment participation and historical annual electricity usage.

Program Fee Notice: All applicants to Residential Renewable Energy Solutions are required to pay a \$___ application fees to support the administrative costs of the program. Additionally, customers will be charged fees if and when they make changes to the payment beneficiary information. You may or may not be responsible for these fees depending on your contract with your Installer.

I, _____, hereby confirm that I have received and understand the information above, reviewed the Residential Renewable Energy Solutions Program Manual and understand the information, including the Program Terms and Conditions. I further confirm that I have had a chance to ask questions of my Installer and have received sufficient answers, if applicable.

Customer Signature	Date

I, _____, hereby confirm that the information provided on this form is true and accurate and that any factual misrepresentations on this Customer Disclosure Form may be grounds for enforcement action by the Connecticut Public Utilities Regulatory Authority up to and including permanent removal from participation in the Residential Renewable Energy Solutions Program.
